

## Edgewalker Profile Certification

We have developed a scientific measure of the five qualities and five skills of an Edgewalker and created a personalized profile that helps clients to create their Edgewalker development plan. This tool is useful in coaching, team building, and organizational assessment.

Designed for individuals who have previous experience with individual assessment and feedback, the certification process qualifies practitioners to order and use the Edgewalker Profile instrument. The certification process consists of:

Session 1: Training session – delivered online, this approximately 3-hour session covers:

- Concepts related to Edgewalkers
- Appropriate uses of the tool
- Edgewalker Profile interpretation and feedback guidelines
- Practice profile interpretation

Session 2: Feedback/Prep session – 2 weeks after training session; delivered online, approximately 1.5 hours. Participants are coached through their first delivery of feedback. They:

- Invite two individuals to complete the profile
- Complete interpretation worksheets in preparation for one-on-one meetings with each individual who completed the profile
- Participate in coaching phone calls before conducting the interpretation sessions

Session 3: Final Debrief session – 2 weeks after feedback/prep session delivered online, approximately 1 hour. In this session:

- Participants debrief the feedback session with group
- Walk through tutorial of the Edgewalker Admin system

**Cost:** \$900. Includes 25 Edgewalker Profile (EP) credits.
